

GUIDE TO YEAR 5 LEARNING

Dear Parent/Carer, here is a simple outline of some key expectations for children in Year 5. I hope this will help you in supporting your child.

READING

Maintain positive attitudes to reading and understanding of what they read by:

- Continuing to read and discuss an increasingly wide range of fiction, poetry, plays, non-fiction and reference books or textbooks.
- Reading books that are structured in different ways and reading for a range of purposes.
- Increase their familiarity with a wide range of books, including myths, legends and traditional stories, modern fiction, fiction from our literary heritage, and books from other cultures and traditions

Understand what they read by:

- Checking that the book makes sense to them, discussing their understanding and exploring the meaning of words in context
- Asking questions to improve their understanding
- Drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence
- Predicting what might happen from details stated and implied.
- Summarising the main ideas drawn from more than one paragraph, identifying key details that support the main ideas
- Identifying how language, structure and presentation contribute to meaning

WRITING

Draft and write by:

- Selecting appropriate grammar and vocabulary, understanding how such choices can change and enhance meaning
- In narratives, describing settings, characters and atmosphere
- Using a wide range of devices to join paragraphs together
- Using further organisational and presentational devices to structure text and to guide the reader [for example, headings, bullet points, underlining]

COMMUNICATING

- Speak audibly and fluently with an increasing command of Standard English

MATHEMATICS

- Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction)
- Add and subtract numbers mentally with increasingly large number
- Identify multiples and factors, including finding all factor pairs of a number, and common factors of two numbers
- Know and use the vocabulary of prime numbers, prime factors and composite (nonprime) numbers
- Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers
- Multiply and divide numbers mentally drawing upon known facts
- Divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context
- Multiply and divide whole numbers and those involving decimals by 10, 100 and 1000

LEARNING ACTIVITIES

Children should do one thing from each box below for every day that school is closed.

| DAILY ACTIVITIES | |
|------------------------|--|
| READING | <ul style="list-style-type: none"> ✓ Read a book of your choice ✓ Write out questions about the book for someone to answer. Don't forget to use sentence stems to help you. ✓ These can be questions where the answer is directly in the text or you can challenge yourself and think of questions to make the reader think. |
| WRITING | <ul style="list-style-type: none"> ✓ Write a daily diary entry about your day. ✓ Write a description about an item in your room or what you can see outside your window. ✓ Write a letter to a friend. ✓ Write a book review |
| MATHS | <p>Four Operations Revision – Multiplication, Division, Addition & Subtraction</p> <ul style="list-style-type: none"> ✓ Addition - Adding 3 digits by 2 digits using column addition <ul style="list-style-type: none"> -Adding 4 digits by 2 digits -Adding 4 digits and 3 digits. - Make up your own word problems. ✓ Subtraction – Subtracting 3 digits by 2 digits using column addition <ul style="list-style-type: none"> - Subtracting 4 digits by 2 digits - Subtracting 4 digits and 3 digits. - Make up your own word problems. <p>Multiplication – Multiplying 2 digits by 2 digits using column method</p> <ul style="list-style-type: none"> - Multiplying 3 digits by 2 digits - Multiplying 4 digits by 1 digit - Multiplying 3 digits by 4 digits <ul style="list-style-type: none"> ✓ Division – Dividing 3 digit by 1 digit using the bus stop method <ul style="list-style-type: none"> - Dividing 4 digits by 1 digit. - Roll a dice to make a 3-digit number. <p>You will also need to practise your timetables for the passport you are on daily.</p> |
| NON-SCREEN ACTIVITY | <ul style="list-style-type: none"> ✓ Spelling test ✓ Times table bingo ✓ Read a book and think of your own questions to ask someone about the book ✓ Hand writing practice ✓ Play a board game ✓ Draw what you can see outside your window ✓ Create your own Greek God or Goddess ✓ Build a reading den in your room |
| EXERCISE | <p>15 minutes each day -</p> <p>Make up your own dance routine (Greek?)</p> <p>Play football</p> <p>Star Jumps</p> <p>Jogging on the spot</p> |

| | |
|------------------|--|
| DAILY CLASS TASK | Will be uploaded each day |
| FAMILY TIME | <ul style="list-style-type: none"> ✓ Cooking, baking ✓ Reading a story ✓ Watching a movie |

These activities are ongoing and can be done in addition to the daily ones:

| | ONGOING ACTIVITIES |
|----------------------------|--|
| CLASS TOPIC | Activities related to Greece and the Ancient Greeks. <ul style="list-style-type: none"> ✓ Create a poster about the Ancient Greeks. ✓ Create a poster about Greece. ✓ Design and create your own God or Goddess. ✓ Design a Greek pot... think about the image on your pot, what Olympic sport will you draw? ✓ Create a fact file about different Greek foods. |
| WHOLE SCHOOL CHALLENGE | Challenge 1- CLIMATE EMERGENCY! – Design a poster/ collage/display to promote recycling, using as many recyclable products as possible! Challenge 2 – SHOEBOX GARDEN- Make your dream garden for Glenaire in a shoebox. This will be a competition and the winner will see some of their ideas brought to life in our garden. |
