Equality Statement

At Footprints Federation, we are committed to ensuring equality of opportunity for all pupils, staff, parents and carers irrespective of race, gender, disability, belief, sexual orientation, age or socio-economic background. We are determined to develop a culture of inclusion and diversity in which all those connected to the school feel proud of their identity and ability to participate fully in school life.

We tackle discrimination through the positive promotion of equality, challenging bullying and stereotypes and by creating an environment which champions respect for all.

We believe that diversity is a strength which should be respected and celebrated by all those who learn, teach and visit us.

Teaching and learning

We provide all our pupils with the opportunity to succeed and to reach the highest level of personal achievement.

- Ensuring equality of access for all pupils and preparing them for life in a diverse society
- Using materials that reflect the diversity of the school, population and local community without stereotyping
- Promoting attitudes and values that challenge any discriminatory behaviour or prejudice
- Providing opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures
- Seeking to involve all parents in supporting their child's education
- Utilising teaching approaches appropriate for the whole school population which are inclusive and reflective of our pupils.

Equality in Admissions and Exclusions

Our admissions arrangements are fair and transparent and do not discriminate on the grounds of race, gender, religion, belief, disability and/or socio-economic background.

Equal Opportunities for Staff and Governors

All staff and governor appointments and promotions are made on the basis of merit and ability, in compliance with the law. We are keen to ensure that the staffing and governance of the school reflects the diversity of our community.

1 Introduction

The Footprints Federation is committed to valuing diversity by providing equality of opportunity and anti-discriminatory practice for all children and families. We also value our staff and are committed to good employment practice.

The Footprints Federation seeks to ensure that no member of the school community, or any person through their contact with the school, will receive less favourable treatment on the grounds of a protected characteristic. These include: race, colour, nationality, ethnic or national origin, religion or belief, gender, marital status, responsibility for children or other dependents, disability, sexual orientation, gender reassignment, age, trade union or political activities, socio-economic background, living situation, or spent convictions.

In this we include all members of the extended school community – pupils, staff, governors, parents / carers and others from our local community. Partners, contractors and other visitors to the school are also expected to adhere to this policy.

2 Legal Framework

In putting together this Single Equality Scheme in the form of our Equality, Diversity and Inclusion Policy, we are responding to the introduction of the Equality Act 2010. This replaces all previous policies and legislation relating to Race Equality, Gender Equality and Disability Equality.

This policy has been devised to enable The Footprints Federation to meet its general duty in:

- Eliminating unlawful discrimination, harassment, victimisation and other prohibited conduct
- Advancing equality of opportunity between those who have a protected characteristic and those who do not
- Fostering good relations between those who have a protected characteristic and those who do not

We do this by:

- Providing a secure environment in which all of our children can flourish and in which all contributions are valued
- Including and valuing the contribution of all families to our understanding of equality and diversity
- Providing positive non-stereotyping information about gender roles, diverse ethnic and cultural groups and people with disabilities
- Reviewing our knowledge and understanding of issues of anti-discriminatory practice, promoting equality and valuing diversity
- Making inclusion a thread that runs through all of the activities of The Footprints Federation

3 Aim Equality and Diversity is about making a difference to the lives of the people we serve, treating all people with dignity and respect, and recognising the value of each individual. We are committed to ensuring that our services meet the varied and individual needs of children and young people in our schools, that our employment practices are fair and promote equality and that we respect the wide variety of lifestyles and cultures, locally and nationally.

We aim to prepare children and young people for living within a diverse society with increasing global connections and controversial issues.

We work hard to build strong and trusting relationships with our pupils and their families in order to harness their engagement and enjoyment in all aspects of school life. We recognise that pupils and family members may experience a range of different needs during different times in their lives and we endeavour to meet these needs by working in close partnership with relevant agencies.

4 Our Ethos

The Footprints Federation is a welcoming and caring community of children, parents/carers, staff and governors. Together we strive to provide a happy and supportive environment in which the unique potential in every child is realised and we allow all to “be the best they can be.”.

5 Guiding Principles

Principle 1: All learners are of equal value

All learners and potential learners are of equal value and benefit equally from school policies, practices and programmes, whatever their ability, ethnicity or national identity, religious background, gender or cultural identity.

Principle 2: Relevant differences are recognised

Treating people equally can mean treating them differently. Policies, practices and programmes do not discriminate, but may be differentiated to take account of differences of life experience, outlook and background, and in the kinds of barriers and disadvantage which people may face, in relation to:

- Disability – so that reasonable adjustments are made
- Ethnicity – so that different cultural backgrounds and experiences of prejudice are recognised
- Gender – so that the different needs and experiences of girls and boys, and women and men, are recognised
- Religion, belief or faith background
- Sexual identity

Principle 3: We foster positive attitudes, relationships and a shared sense of belonging

Policies and programmes promote:

- Positive attitudes towards disabled people, good relations between disabled and non-disabled people, and an absence of harassment of disabled people
- Positive interaction, good relations and dialogue between groups and communities different from each other in terms of ethnicity, culture, religious affiliation, national origin or national status, and an absence of prejudice-related bullying and incidents

- Mutual respect and good relations between boys and girls, and women and men, and an absence of sexual and homophobic harassment.

Principle 4: Staff recruitment, retention and development

Steps are taken to positively promote equality, especially where there is evidence of inequality and to ensure that policies and procedures benefit all employees and potential employees in recruitment, professional development and promotion:

- Whether or not they are disabled
- Whatever their ethnicity, culture, religious affiliation, national origin or national status
- Whatever their gender and sexual identity, and with full respect for legal rights relating to pregnancy and maternity

Principle 5: Reducing and removing inequalities and barriers that already exist

In addition to avoiding or minimising possible negative impacts of policies and programmes, we take opportunities to maximise positive impacts by addressing, reducing and removing inequalities and barriers that already exist between:

- Disabled and non-disabled people
- People of different ethnic, cultural and religious backgrounds
- Girls and boys, women and men

Principle 6: Policy development involves widespread consultation and involvement

People affected by a policy are consulted and involved in the design of new policies, and in the review of existing ones. Such consultation is both direct and through representative organisations, and is based on principles of transparency and accountability. It involves those who in the past have been excluded or disadvantaged, and who continue to face barriers:

- Disabled people as well as non-disabled people
- from a range of ethnic, cultural and religious backgrounds
- Both women and men, and girls and boys
- Lesbian, gay, bisexual, transgender persons or gender neutral

Principle 7: Society as a whole benefits

Policies and programmes benefit society as a whole, locally, nationally and internationally, by fostering greater cohesion and greater participation in public life for:

- Disabled people as well as non-disabled people
- from a range of ethnic, cultural and religious backgrounds

- Both women and men, and girls and boys
- Lesbian, gay, bisexual, transgender persons or gender neutral

Implementation

Admissions

- The Footprints Federation welcomes applications from the whole community. We base our admissions policy on a fair system (refer to Admissions Policy)
- We do not discriminate against a child or their family, or prevent entry to our school, on the basis of race, colour, nationality, ethnic or national origin, religion or belief, gender, marital status, responsibility for children or other dependents, disability, sexual orientation, gender reassignment, age, political activities, socio-economic background, living situation, being a member of a travelling community or an asylum seeker or having spent convictions

- We have ensured that action plans are developed for children and Parents / Carers with disabilities so that they can participate successfully in the activities offered by The Footprints Federation School and in the curriculum offered
- We provide information in clear, concise language, whether written or spoken

School Curriculum

The curriculum offered at The Footprints Federation encourages children to develop positive attitudes about themselves as well as to people who are different from themselves.

Equality and diversity is embedded as far as possible in all areas of the curriculum and pupils are given opportunities to explore prejudice and discrimination, and to positively explore difference in relation to race/ethnicity, religion/belief, gender, disability.

We do this by:

- Making children feel valued and good about themselves through the curriculum, assemblies, pastoral times and our well-developed and tested PSE curriculum
- Ensuring that children have equal access to learning
- Recognising the different learning styles of children, making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop their skills and abilities
- Regularly reviewing the teaching within each subject area as well as with the resources that are available to support this so that both the diversity of the school, local community and wider society as a whole are represented in this

- Avoiding stereotypes or derogatory images in the selection of books or other visual materials but also understanding that sometimes these materials may be used as a teaching point – eg around bullying .
- Celebrating a wide range of festivals
- Creating an environment of mutual respect and tolerance
- Helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable
- Ensuring that the curriculum offered is inclusive of children with special educational needs and children with disabilities
- Ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning
- Data is collected with regard to the attainment and achievement of all pupils in order to inform the planning and provision of support to individuals and groups of pupils
- We recognise the specific assessment needs of pupils with additional needs such as EAL, SEN, Socio economic vulnerabilities, gender differences etc, and also the importance of scrutinising assessment materials for bias. We recognise that often we minimise difference within school but national test materials do not always take account of this. We try to prepare children where possible for this by giving them a wide range of experiences to draw upon .

Valuing Diversity in Families

- We welcome the diversity of family lifestyles and work with all families
- We encourage children to contribute stories of their everyday life through the curriculum
- We encourage Parents / Carers/carers to take part in the life of The Footprints Federation and to contribute fully
- For families who speak languages in addition to English, we try to develop plans to ensure their full inclusion
- We offer a flexibility of payments for families of differing means and offer information regarding sources of financial support

Food and Dietary Needs

- We work in partnership with Parents / Carers to ensure that the medical, cultural and dietary needs of children are met as far as is reasonably possible
- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them

Events

- Events are arranged to ensure that all families may become involved in the life of the school if they wish
- Information about events and meetings is communicated in a variety of ways (e.g. electronically, written and verbal), to ensure that all Parents / Carers have information about, and access to, the meetings

Staff Training

- All staff at The Footprints Federation will have their professional development needs met in relation to this agenda. This includes staff across all sections (teaching, support, mid-days, office staff, etc) and support that will be provided to meet their training needs as outlined in each School Improvement Plan. New and temporary staff will be made aware of our Equality, Diversity And Inclusion Policy and other practices in relation to this.
