

January 2021

Dear Parents/Carers

Nursery

We are currently only opening Nursery for those children who have parents as key workers. However, I would like to see who would be interested in their child coming back to Nursery if we were to open in the near future.

We are only looking for possible numbers at this time. If you are interested in your child resuming their place, please contact us and let us know.

There are no spaces for siblings available at this time.

May I just add, if and where it is possible for your child to stay at home, this is still strongly advised. We will continue to provide learning on Tapestry for your child.

Stay safe, keep in touch,

Miss Rhodes
